

Core Facilities Fair

2/20/2018

8:00 – 8:30

Registration
Visit Our Sponsors | Keating Lobby

8:30 – 8:40

Welcome @ Opening Remarks
Dr. Neal Armstrong, Associate Vice President for Research
Dr. Kimberly Espy, Senior Vice President for Research

8:45 – 9:40

Vendor @ Faculty Presentations

8:45 – 9:10

Brandon van Leer
Thermo Fisher Scientific
Advances in Focused Ion Beam (FIB) and Electron Microscopy for Emerging Materials and Technologies

9:15 – 9:40

Dr. Andrew Capaldi
Molecular & Cellular Biology
Unraveling the Cell Growth Network in Eukaryotes

9:40 – 10:15

Vendor Sponsors
Networking | Keating Lobby

10:15 – 11:40

Vendor @ Faculty Presentations

10:15 – 10:40

Dr. John Purdy
Immunobiology
Integrating Metabolomics and Lipidomics to Define Viral Hijacking of Host Metabolism

10:45 – 11:10

Christopher J. Thompson
Bruker Daltonics
Enabling Isotopic Fine Structure: Moving Beyond the Molecular Realm

11:15 – 11:40

Dr. Pierre Haenecour
UA researcher on behalf of Hitachi
In-Lens High Resolution Electron Microscopy: Low-Voltage Study of Meteoritic Carbonaceous Materials

11:40 – 1:00

Vendor Sponsors & Networking | Keating Lobby
Catered Lunch, Networking, & Posters | BSRL Lobby

1:00 – 1:45

Keynote Speaker
Dr. Roberta Diaz-Brinton
Director, UA Center for Innovation in Brain Science
The Center for Innovation in Brain Science: Neurological Disease, Aging and Vulnerability

1:50 – 2:15

Timothy Johnson
Thermo Fisher Scientific
Life Science Solutions with New Approaches to Mass Spectrometry

2:15 – 2:45

Vendor Sponsors & Networking | Keating Lobby
Networking & Core Facility Posters | BSRL Lobby

2:45 – 4:10

Vendor @ Faculty Presentations

2:45 – 3:10

Dr. Daniella Zarnescu
Molecular & Cellular Biology
Of Flies and Men – Synaptic and Metabolic Defects in ALS

3:15 – 3:40

Dr. Dinuka Abeydeera
Pall Corporation FortéBio
Next Generation SPR and BLI Label-Free Platforms: Providing Easier Solutions for Your Emerging Applications

3:40 – 3:45

Dr. Jennifer Kehlet Barton
Director, BIO5 Institute
Welcome and overview of Bios and the opening of BSRL

3:45 – 4:10

Dr. John Fjeldsted
Agilent
Enhancing Molecular Selectivity and Identification with Low Drift Field Ion Mobility – Mass Spectrometry

4:15 – 4:30

Wrap-up: Discovery Days 2018
@ Plans for Core Facilities Fair 2019

4:30 – 6:00

Mixer
Snacks & Hosted Bar | BSRL Lobby

THE UNIVERSITY
OF ARIZONA
