Unlock Simply Powerful Imaging

FLUOVIEW™ FV5000 Confocal Laser Scanning Microscope

Push the boundaries of microscopy further than ever before. Built on Evident's renowned optical expertise, the FLUOVIEW FV5000 is redefining the boundaries of confocal imaging with extraordinary clarity, speed, and reliability.

Come have lunch & learn about the new FV5000:

- Up to 6 Fully Spectral SiLVIR™ Detectors
 - See emission from 400-900nm!
- Up to 10 Laser Lines from Visible to NIR
- 2K Resonant Scanner and 8K Galvo
- Simplified FV Smart User Interface with AI tools
- New Objectives Including the World's First Gel Pad Optic

WHEN & WHERE

Wednesday, August 26, 2026
Life Sciences North, Room 452
12:00 - 1:00PM
