

THE UNIVERSITY OF ARIZONA
RESEARCH & PARTNERSHIPS
Imaging Cores

SHAPE THE FUTURE OF IMAGING AT THE UNIVERSITY OF ARIZONA!

The **Optical Imaging Core** is planning for next generation of microscopy. Your input will help us identify the technologies and capabilities that will have the greatest impact on research across campus.

**10-15
MINUTES
TO COMPLETE**

In FY 2025, The Optical Imaging Core:

140

USERS
from
70 LABORATORIES

28

DEPARTMENTS
across
6 COLLEGES

\$60M+

IN GRANT-FUNDED
RESEARCH
SUPPORTED

20

PUBLICATIONS

12

GRADUATE
DISSERTATIONS
/THESES

TAKE THE SURVEY!

Scan the QR code or
visit the link below to
share your feedback.

<https://cores.arizona.edu/facilities/opticalimaging/about>

WHO SHOULD TAKE THIS SURVEY?

All faculty, researchers, staff, and students. Whether or not you currently use the Optical Imaging Core.

YOUR INPUT WILL HELP US:

- Prioritize the most important imaging capabilities.
- Guide future equipment purchases and funding requests.
- Better support your research success.

**THANK YOU FOR HELPING US ADVANCE RESEARCH
THROUGH BETTER IMAGING!**
